

# Yousef Bakr Zaki Alsaidi

Software Engineer | MERN stack developer

Cairo, Egypt | +20 111 284 9384 | [youbakrzaki@gmail.com](mailto:youbakrzaki@gmail.com) | [GitHub](#) | [LinkedIn](#)

---

## SUMMARY

Passionate MERN stack developer and Software Engineer at MindShift with hands-on experience building full-stack applications through 10+ projects. Proven ability to implement REST APIs, optimize performance, and collaborate in agile teams. Recognized for leadership as a Top Volunteer at ALX and a Best Team Award winner at IBM DECI Bootcamp. Seeking to leverage technical skills and an innovative mindset in a Software Engineering Internships

---

## EDUCATION

**Ain Shams University: Computer Science Student** | Cairo, Egypt

---

## TECHNICAL SKILLS

**Frontend:** React.js, TypeScript, Redux, HTML5, CSS3, Tailwind CSS

**Backend:** Node.js, Express.js, REST APIs, WebSockets

**Databases:** MongoDB, Firebase, Redis

**DevOps:** Vercel, GitHub Actions

**Core:** JavaScript/ES6+, Git, Agile Methodologies

**Additional Languages:** C++, Linux

---

## SOFT SKILLS

**Communication:** Effectively articulated technical ideas and project progress to both technical and non-technical team members during the DECI Bootcamp and ALX volunteering.

**Teamwork & Collaboration:** Proven ability to work harmoniously in a team environment, leveraging tools like Git and GitHub for version control and project management. Demonstrated by winning the Best Team Award

**Problem-Solving:** Adept at debugging complex issues and developing creative, efficient solutions for full-stack applications, such as optimizing load times by 60%.

**Adaptability & Learning Agility:** Quickly mastered new technologies and

frameworks (MERN stack) through self-directed learning and applied them successfully in projects.

**Time Management:** Successfully balanced high-school studies with rigorous self-paced learning in web development, project building, and volunteer responsibilities.

**Leadership & Event Organization:** Led the coordination of 10+ community events as a top volunteer for ALX, managing logistics and fostering an inclusive environment.

---

## PROJECTS

### E-commerce Platform | GitHub |

*(React, Redux, Node.js, MongoDB, Vercel)*

- Built a full-stack app for dropshippers with **payment integration + inventory management**.
- Implemented search filters, real-time stock updates, and responsive UI.

### CMS Blog System | GitHub |

*(React, Firebase, Node.js, MongoDB, Admin Dashboard)*

- Developed a RESTful API for article publishing/editing with user engagement features.
  - Created an admin panel for content management and analytics.
- 

## Experience

Software Engineer intern at MindShift

1/9/2025 -> present

---

## CERTIFICATIONS

**Relevant Coursework:** Full-Stack Development (IBM), AICE Program (ALX)

### Certifications:

- IBM Full-Stack Development Capstone (Udemy) | 2023
  - Digital Egypt Cubs Initiative (Almentor) | 2024
- 

## ACHIEVEMENTS & VOLUNTEERING

 **Best Team Award** | DECI Bootcamp (IBM) | 2024

- Co-created a tech-driven solution to optimize Egypt's education system

- Recognized for innovation, teamwork, project management, and project execution.

 **Top Volunteer** | ALX Community | 2024
